Dear Parents/Carers

**Re: Installation of CCTV within the toilets**

Thank you to all the parents and carers who contributed to the consultation. The overwhelming majority of responses were in favour of the proposal. Concerns regarding privacy have been mitigated for in the installation process.

The Governors carefully considered the points raised as part of the process and on the basis of deterring anti-social behaviour and damage in these areas have agreed to endorse the proposal.

Installation will take place over the Easter break and will be fully operational when students return to school.

Students will be informed via Milk and also in assemblies.

Yours faithfully

Mr J Fletcher  
Headteacher
